

4.3 and 4.4 – Interpreting intercepts and slopes -- Summarize your results!
MATH 101 - Spring 2026 - Dr Bagley

When you are done with all the problems in 4.3 and 4.4, you will be able to answer these summary questions for each problem:

	Name the variables: _: [words] (units) ~ [dep/indep]	What number is the intercept? Give units!	Write a sentence explaining the intercept in the story	What number is the slope? Give units!	Write a sentence explaining the slope in the story
4.3 #1		(a)		(a)	
		(b)		(b)	
4.3 #2					
4.3 #3		(a)		(a)	
		(b)		(b)	
		(c)		(c)	
		(d)		(d)	

4.3 and 4.4 – Interpreting intercepts and slopes -- Summarize your results!
MATH 101 - Spring 2026 - Dr Bagley

When you are done with all the problems in 4.3 and 4.4, you will be able to answer these summary questions for each problem:

	Name the variables: _: [words] (units) ~ [dep/indep]	What number is the intercept? Give units!	Interpret the intercept in the story	What number is the slope? Give units!	Interpret the slope in the story
4.4 #1					
4.4 #2					
4.4 #3					
4.4 #4
